DETAILED ACTION

Prelim./Amdt.

1. Receipt is acknowledged of the amendment filed 02/28/2006.
2. Claims 1-17 are pending.
3. In view of amendment to the claim, claim rejection under 35 U.S.C. 112, second paragraph, is withdrawn.

Allowable Subject Matter

4. Claims 1-17 are allowed.
5. The following is an examiner's statement of reasons for allowance: With regard to independent claim 1, primary reason for allowance is inclusion of the limitations of "end reflectors behind said side light bulbs each having a straight oblique portion and an outer edge overlapping an end light bulb in said side light bulbs" and "a separate end reflector spaced from said outer edge of each oblique end reflector having a concave surface facing said light bulb under each end reflector". No other prior art discloses end reflectors and a separate end reflector for a fluorescent light fixture as set forth in the claim. With regard to claim 17, prior art of record fails to disclose a fluorescent light fixture, configured as claimed, wherein end reflectors behind said side light bulbs each having a straight oblique portion and an outer edge having a concave surface overlapping and facing an end light bulb in said side light bulbs; and said oblique walls being foreshortened to allow a portion of light from a light bulb under an end reflector to be directed in a generally upwardly direction to provide indirect lighting. Claims 2-16 depend from claim 1. Therefore, claims 1-17 are patentable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
